

## Surgery Care Packages

Saving Little Hearts provides surgery care packages to children undergoing open heart surgery. We distribute over 600 care packages per year to children across the United States. Care packages include many items such as long distance phone cards, disposable cameras, toys and coloring books, Ronnie the Raccoon, various heart defect literature for both children and parents, pens and journals, toiletries and other useful items.

If your child is about to undergo open heart surgery and you would like to request a surgery care package, please contact us at 865-748-4605 or email [info@savinglittlehearts.com](mailto:info@savinglittlehearts.com)!

If you or your school or organization would like to donate items for these packages, please contact us!

Also, we now have an option to sponsor a care package. For \$30 you can sponsor a care package. A note will be included with all of the goodies that will let the recipient know you were kind enough to help them through Saving Little Hearts during one of the toughest times in their young lives.

This program is a fantastic way to help a child in need directly and immediately. Saving Little Hearts distributes over 600 of these packages per year.

To sponsor a package by credit card call 865-748-4605. If you would like to pay by check or money order, just send to:

Saving Little Hearts
